

MEDICAL SPEECH RECOGNITION for . . .

Family Practice

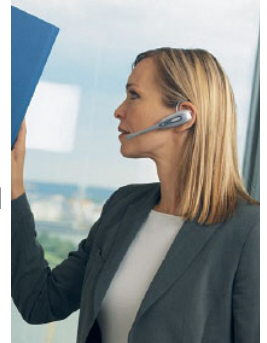

Take Control . . . Go Home on Time!

Want to take control of your valuable time and resources? Discover real productivity as you use the easy, fast, most natural tool available to interact with your computer - your own voice. Speak directly into many of your Windows applications, including Electronic Medical Records (such as the new VistA Office being distributed by CMS) using natural continuous speech. Works with Microsoft Office including MS Word. This is the **most accurate** IBM speech recognition package ever.

This Wireless Solution Speaks Your Language

In this package we have combined the products needed to make you successful in implementing Speech Recognition for your practice (using your existing Windows computer) .

1. **IBM ViaVoice for Windows**¹ release 10, Pro USB Edition (revision B). This package includes a high quality wired **USB Headset**.
2. **NEW Plantronics model CS50 USB Wireless Headset** gives you Dictation and Commands without wires while using IBM ViaVoice for Windows R10 Pro USB and your other Windows software. Remain wirelessly connected to your computer as you move about your Exam Rooms and office.
3. **Voice Automated Family Practice Vocabulary**¹. Under license, all Voice Automated Medical Vocabularies are updated frequently with data from the U.S. National Library of Medicine's Unified Medical Language System (UMLS) Metathesaurus.
4. **Voice Automated Prescription Drug Vocabulary**¹ with over 5,000 drug names plus all terms used in writing or recording prescriptions.
5. **"How to Master IBM ViaVoice 4th Edition" by James P. Cox on a CD**¹, 466 pages of training and reference that you can read on your computer (and print out if you want to). A complete electronic training course on using IBM ViaVoice.
6. **S.O.A.P. Note Templates 2005**¹ (a speech enabled medical form generator) that you can use as is or modify to more closely meet the requirement of your practice. This CD contains more than 60 multi-field speech enabled medical reporting forms. Now with automatic electronic signature block. If multiple physicians share the same computer, the signature block will be that of the doctor who has logged into ViaVoice. Crown International can develop additional customized Templates for you.
7. **30 minutes of Free Telephone Support** to help you get started. You must agree to read "How to Master IBM ViaVoice 4th Ed." before requesting assistance. Additional support and on-site training are available.

Package Price \$1,195.00 Complete!

¹ IBM ViaVoice, Voice Automated Vocabularies, SOAP Note Templates 2005 and "How to Master IBM ViaVoice" are licensed for one user. If you have more than one physician dictating, ask for a quote for additional licenses. Low cost Volume License Agreements are available.
